

Clinical Waste Bags

Senturian Clinical Waste Bags are ideal for the disposal of waste in situations where the need to identify particular hazardous waste is required. The bags come in various sizes and colours for optimal identification, yellow bags indicate cross infection risk and purple bags indicate cytotoxic risk.

Strong and Durable

Polyethylene based plastic bags for strength and durability

Coloured for Indicated Risk

Easily identifiable bright colours and printing to highlight risk categories

Various Sizes

Various sizes available to suit different needs

Suitable for:

- Hospital and medical
- Laboratory
